

## ARREST AMERICANS AND LOCK THEM UP

TAKEN FROM A STEAMER BY  
SPANIARDS.

Heated Discussion of The Matter In  
The Senate Tuesday—Mr. Call  
Asks for Immediate Action—  
Urgent Deficiency Bill Passed By  
the House—Washington News.

Washington, Jan. 22.—The senate put  
aside finance and foreign affairs yester-  
day, and gave the day to work on com-  
paratively minor bills on the calendar.  
About seventy bills were passed, clear-  
ing the calendar of much accumulation,  
and leaving only the important meas-  
ures pending. The Cuban question re-  
ceived brief and inconclusive attention  
early in the day.

Mr. Call (dem., Fla.) read a telegram  
from Key West, as follows:

Marquis Rodriguez was taken from  
steamer Olivette last Wednesday. Louis  
Samallien and son also taken at Ha-  
vana. All American citizens. Get them  
out of grasp of Spanish authorities.

Senator Call offered a resolution re-  
citing the arrests and directing the ex-  
ecutive authorities to ascertain if any  
just cause for his arrests existed, and if  
not, to demand their immediate re-  
lease.

Senator Hoar suggested that the tone  
of the resolution was too imperative.  
There seemed to be an idea, he said, that  
the senate of the United States is a con-  
stantly loaded cannon, which can be  
touched off at any time by a senator.  
The senator urged an inquiry of the  
state department before a demand.

Senator Call answered that he wished  
to know whether the American flag af-  
forded any protection to its citizens.  
He referred to the arrests of Americans  
in Cuba while citizens of other coun-  
tries were not disturbed.

Senator Sherman pointed out that  
such a resolution might give the senate  
trouble in other cases. It should go to  
the committee on foreign relations for  
appropriate consideration.

Senator Cullum, a member of the com-  
mittee on foreign relations, stated that  
he understood there would be a com-  
munication from the secretary of state,  
perhaps to-day, as to the arrest of  
United States citizens in Cuba, "and as  
to the general subject." He urged,  
therefore, that there be no haste.

Senator Call did not further press his  
resolution.

Mr. Pugh's resolution concerning sil-  
ver payment of government obligations  
was allowed to go over.

The following bills were passed: Pen-  
sioning the widow of Maj.-Gen. Carroll  
at \$75 monthly, and the widow of Lieut.  
Frederick Schwatka (arctic explorer) at  
\$30 monthly; increasing the pension of  
the widow of Col. Frederick Dent, sister  
of President Grant, from \$30 to \$50  
monthly; pensioning the widow of  
Brevet Maj.-Gen. Doubleday at \$100  
monthly; authorizing a bridge over the  
Mississippi river at St. Louis, between  
the city and St. Clair county, Illinois;  
amending the act of March, 1887, for  
the forfeiture of unearned lands.

At 3:55 the senate went into executive  
session, and confirmed many executive  
nominations.

### FOR A PACIFIC CABLE.

Bill to Be Favorably Reported to Con-  
gress Soon.

Washington, Jan. 23.—From the ac-  
tion of the house committee on com-  
merce yesterday there seems to be lit-  
tle doubt that a bill authorizing the  
Pacific Cable Company to lay a cable  
from the Pacific coast to the Hawaiian  
Islands and Japan will be favorably re-  
ported in a short time. The committee  
directed a subcommittee to prepare a  
bill embracing certain changes consid-  
ered desirable from the bill outlined  
by the company. There will also be a  
conference between members and the  
State Department officials regarding ar-  
rangements for a cable station on the  
Marshall Islands, which are owned by  
Germany.

The subsidy asked is \$180,000 a year  
for a term of twenty years, the govern-  
ment to have free use of the cable dur-  
ing that time. In the course of the dis-  
cussion it was argued that the subsidy  
asked was too large in view of the es-  
timated cost of the work, \$6,500,000 to  
\$7,000,000, and the probable amount of  
government business, which the com-  
mittee estimated at from \$20,000 to \$30,-  
000. The suggestion was also enter-  
tained that subsidies might be granted  
by the Japanese government, and possi-  
bly China. The bill to be framed  
will probably reduce the subsidy. It  
will also embrace provisions to secure  
to the United States government the  
right of way in the use of the cable.

### WILL NOT RETIRE.

Justice Field Denies a Rumor—His  
Health Is Good.

Washington, Jan. 22.—When Justice  
Field was asked regarding the report  
that he would retire at the end of his  
term, he said: "No such statement  
has been authorized by me. Of course,  
a man at my time of life might retire  
from the bench at any time. If my  
health should not permit me to attend  
to my duties easily I should not hesi-  
tate to leave the bench, but so long as  
I can attend to these duties with ease, I  
have no intention of retiring. At pre-  
sent my health is very good." It is gen-  
erally understood that Justice Field is  
ambitious to exceed the term of service  
of Chief Justice Marshall, whose thirty-

four and a half years on the Supreme  
bench constitute the longest term of  
service in the history of the court.  
Justice Field was appointed by Presi-  
dent Lincoln in March, 1863.

### Brief Session of the House.

Washington, Jan. 22.—The house yester-  
day went into committee of the  
whole and took up the consideration of  
the urgent deficiency bill. Mr. Can-  
non, chairman of the appropriations  
committee, made a statement and called  
special attention to the enormous defi-  
cit of \$3,242,582 for the expenses of  
United States courts, which showed an  
abnormal growth of this branch of the  
public service of more than 100 per cent.  
There was, he declared, urgent neces-  
sity for a reform. The fee system  
ought to be abolished and fixed salaries  
provided for United States District At-  
torneys and United States marshals.

Mr. Lacey (rep., Iowa) argued that  
the fee system was responsible for the  
bringing of many frivolous suits. He  
declared that the whole system was  
honeycombed with fraud. As amended,  
the bill was passed. Then at 4:10 the  
house adjourned until to-day.

### More Silver Dollars to Be Coined.

Washington, Jan. 23.—About Feb. 1  
the treasury department will resume  
the coining of silver dollars and con-  
tinue until about 18,000,000 dollars have  
been coined. The average cost of the  
silver bullion purchased under the  
Sherman act was 71½ cents on the dol-  
lar, which leaves a gain, or seigniorage,  
of 28½ cents on the dollar. At this rate  
the seigniorage on the \$18,000,000 to be  
coined would be \$5,130,000, which will  
be accounted for in the available cash  
on hand, increasing it by that amount.  
The order for the resumption of the  
coining at the mints at Philadelphia,  
New Orleans and San Francisco is ex-  
pected in a day or two.

### Quarterly Pension Payments.

Washington, Jan. 22.—The secretary  
of the interior has issued a requisition  
on the secretary of the treasury for  
\$12,450,000 for the quarterly payment of  
pensions at the following agencies: To-  
peka, Kan., \$3,500,000; Indianapolis,  
Ind., \$2,650,000; Knoxville, Tenn., \$1,-  
800,000; New York city, \$1,650,000;  
Louisville, Ky., \$1,000,000; Columbus,  
Ohio, \$500,000; Philadelphia, \$1,800,000.  
Senator Peffer, from the committee  
on pensions, reported, without recom-  
mendation, his bill granting service  
pensions to soldiers of the civil war at  
the rate per month of 1 cent per day for  
the time served.

### For the Parity of Gold and Silver.

Washington, Jan. 22.—Senator Sher-  
man yesterday gave notice of amend-  
ments to Senator Pugh's concurrent  
resolution providing for the redemption  
of United States bonds in silver coin.  
Mr. Sherman's amendments pro-  
vide for the recognition of the law  
declaring the parity of gold and silver and require  
the observance of this principle in car-  
rying the resolution into effect in case  
it should pass.

### Gold Reserve Very Low.

Washington, Jan. 22.—The treasury  
yesterday lost \$2,500,000 in gold bars  
for export, \$68,000 in coin, and \$14,000  
in jewelers' bars, making a total loss  
for the day of \$2,582,000. This reduces  
the gold reserve to \$50,790,129.

### INDIANA CONVENTIONS.

Members of the Republican State Com-  
mittee Elected Yesterday.

Indianapolis, Ind., Jan. 22.—Conven-  
tions were held in the thirteen congres-  
sional districts of Indiana Tuesday for  
the election of members of the republi-  
can state committee. They resulted in  
the following elections: First dis-  
trict, S. E. Kercheval, Rockport; sec-  
ond, J. T. Lamb, Bloomfield; third,  
George W. Self, Corydon; fourth, J. E.  
Caskey, Greensburg; fifth, N. Filbeck,  
Terre Haute; sixth, L. P. Mitchell,  
Newcastle; seventh, J. W. Fesler, In-  
dianapolis; eighth, George A. McCul-  
lugh, Muncie; ninth, Ambrose Moore,  
Covington; tenth, T. J. McCoy, Rens-  
selaer; eleventh, George A. Osborn,  
Marion; twelfth, Solomon A. Wood, An-  
gola; thirteenth, George W. Holman,  
Rochester. This leaves the chair-  
manship contest between J. K. Gowdy  
of Rushville and E. H. Nebeker of Cov-  
ington still undecided. Each of them has  
five votes of the thirteen, with three in  
doubt.

### To Prevent Lynchings.

Columbus, Ohio, Jan. 22.—A bill fol-  
lowing the lines of that passed by the  
South Carolina legislature has been  
introduced in the house. Its purpose is  
to prevent riots and lynchings in Ohio.  
It provides that the immediate heirs of  
a victim of lynch law shall have a claim  
on the county in which the lynching oc-  
curred of \$5,000, which must be paid out  
of the county funds, and, therefore, by  
the taxpayers. In addition it provides  
that any person who is injured as the  
victim of a mob or a band of lynch-  
ers shall have damages for his injuries of  
a sum to be determined by the courts of  
from \$500 to \$1,000.

### Favors International Arbitration.

Albany, N. Y., Jan. 22.—The annual  
session of the State Bar Association  
opened last night at Odd Fellows' Hall  
in the presence of a large number of  
auditors. President William H. Rob-  
ertson opened the meeting with his  
annual address. The address of the  
evening was delivered by the Hon.  
Chauncey M. Depew, on "Patriotism  
and Jingoism; the Lawyer's Duty." He  
favored the institution of an inter-  
national court of arbitration.

## FIVE FIREMEN DIE AN AWFUL DEATH

ARE BURIED UNDER FALLING  
WALLS AT ST. LOUIS.

Their Comrades Work Hard To Save  
a Sixth Man—City of Boston Sends  
Aid To Cambridge, Mass.—Eleva-  
tor Granaries Burn—Other Fires at  
Other Places.

St. Louis, Mo., Jan. 22.—Five firemen  
were buried in the ruins and one is  
dead at Mercy hospital as the result of  
a fire which broke out at 10:30 last  
night in Aloe & Co.'s building at 415  
Broadway. Four of the men in the  
ruins are thought to be dead. Owney  
Hines, foreman of truck No. 6, who was  
taken from the burning building soon  
after the fire started, badly suffocated,  
died while being taken to Mercy hos-  
pital in an ambulance. Those dead and  
in the ruins are:

OWNEY HINES, foreman of truck  
No. 6; died on the way to Mercy hos-  
pital.

CAPT. JOHN GRANVILLE, of Sal-  
vage corps No. 2; still in the ruins.

JAMES RODDY, of Salvage corps No.  
2; still in the ruins.

P. M. R. KERBY, of Salvage corps No.  
1; still in the ruins.

CAPT. STAUNTON, of chemical en-  
gine No. 2; still in the ruins.

REINHART MILLER, of Salvage  
corps No. 2; still in the ruins.

Aloe & Co. are dealers in optical,  
surgical and electrical instruments.  
The firm has been in business here for  
the past forty years, and also carried an  
extensive stock of fine painting materi-  
als. The fire was finally gotten under  
control and practically subdued, when  
the top floor caved in and fell through  
to the first floor, pinning down five fire-  
men at work there.

The firemen worked incessantly to  
rescue their entombed comrades, but  
were unable to reach them up to 1  
o'clock, when it was thought four of  
them were surely dead. The fifth, Rein-  
hart Miller, was pinned down on top of  
a shelf, and could be heard by his com-  
rades, but they could not reach him.

The total loss by fire and water is  
estimated at \$200,000; fairly insured.  
Aloe & Co. place their loss at about  
\$150,000, and it is thought that the loss  
on the building will amount to \$50,000.  
Several thousand dollars damage was  
done to the stock of Jordan & Co., a  
cutlery firm at 417 Broadway.

### GOT AID FROM BOSTON.

Fierce Blaze in a Lumber Yard at Cam-  
bridge, Mass.

Cambridge, Mass., Jan. 22.—A furious  
blaze in the lumber yard of George W.  
Gale lumber company last night com-  
pelled a three-alarm response of the  
fire department here and near by Bos-  
ton companies. The fire consumed two  
lumber sheds and one drying shed in  
the yard. In the former were seven-  
teen railroad freight cars, each ready  
to be or partly unloaded. These were  
also fuel for the flames. An official  
of the company said the yard and build-  
ings were well stocked with lumber,  
and estimated the burning buildings to  
be worth \$25,000, and their contents,  
with the stock in the yard, at fully \$75,-  
000. Of this amount the company has  
sustained a loss of fully \$50,000.

### Elevator Granaries Burned.

Avoca, Iowa, Jan. 22.—The elevator  
granaries and farm buildings of J. Q.  
McPherrin, three miles west of Oak-  
land, Iowa, were destroyed by fire yester-  
day. Loss \$12,000; practically no in-  
surance.

### Lumber Company's Plant Destroyed.

Helena, Mont., Jan. 22.—Shortly after  
9 o'clock last evening the Montana  
Lumber company's plant and lumber  
yards were destroyed by fire, entailing  
a loss of \$100,000, partly covered by in-  
surance.

### GEN. MACEO DEFEATED.

Spanish Troops Attack His Camp and  
Win a Complete Victory.

Havana, Jan. 22.—Gen. Luque, early  
during the morning of Sunday last, Jan.  
19, attacked the camp of Gen. Antonio  
Maceo at Tirado, province of Pinar del  
Rio. The Spanish troops are reported  
to have won a complete victory over the  
insurgents, who left twenty-seven killed  
on the field and who are said to have re-  
tired with 140 dead and wounded. On  
the side of the troops only two soldiers  
were killed and one officer wounded.  
The victory of the Spaniards was due  
to the excellence of the artillery fire  
which they directed upon the insur-  
gents. Gomez has traveled toward and  
arrived at Guayabal, which is only fif-  
teen miles south of Havana and near the  
line of Pinar del Rio province. The  
movements of Gomez westward again  
are believed to be due to a call from  
Maceo for help to relieve him from a  
critical situation in Pinar del Rio.

### Condemns Emperor's Action.

Cape Town, Jan. 22.—At a meeting of  
the German residents of Salisbury, cap-  
ital of Mashonaland, a resolution was  
passed condemning Emperor William's  
dispatch to President Kruger as an act  
of interference with South African af-  
fairs.

### Allison Re-elected.

Des Moines, Iowa, Jan. 21.—United  
States Senator Allison was re-  
elected by the legislature yesterday.

## M'KENNEY'S PARDON TO BE ASKED FOR

BELOIT PEOPLE WANT THE  
FORGER FREED.

Crime Was Committed While He Was  
Young and He Has Been Amply  
Punished, They Say—Bread War  
Raging—McGavock-Egan Nuptials  
—Spring a Social Surprise.

Beloit, Wis., Jan. 22.—[Special].—  
An effort is being made by friends of  
George H. McKinney, who was re-  
cently sentenced to one year in prison  
at Waupun, to secure his pardon.  
The claim is made that he was but  
fifteen years old when he committed  
crime—several years ago—and that he  
has now been sufficiently punished.

### Bakery War Is On.

Beloit, Wis., Jan. 22.—[Special].—  
A bread war is now on here between  
C. F. Vale, the baker, and John  
Meehan, a groceryman, the latter  
having recently purchased a bakery  
at Rockton. Meehan advertised his  
bread at three cents per loaf and  
Vale cut his product to three cents a  
loaf. At Rockton Meehan advertised  
his bread at three cents a loaf and  
when Vale's agent put out a sign  
"Bread, Two Cents," the former's  
baker was distracted. But the war  
goes on with probabilities of further  
cuts. Pies, cookies, cakes, etc., are  
included in the cut and Beloit con-  
sumers of bakery goods are happy.

### McGavock-Egan.

Beloit, Wis., Jan. 22.—[Special].—  
Alex. McGavock, of the firm of Mc-  
Gavock Bros., merchants, who run  
several branches of business, was  
married this morning to Miss Kate  
Egan, daughter of M. Egan, a retired  
business man.

### Their Marriage a Surprise.

Beloit, Jan. 22.—[Special].—A sur-  
prise was sprung on Beloit society by  
the announcement, late yesterday af-  
ternoon, of the marriage of Joseph  
Lambert, a popular young man of this  
city, to Miss Pearl Prouty, a society  
 belle, which occurred last October at  
Sharon, Wis.

### GAS TANK EXPLODES.

Two Men Killed and Four Injured at  
Redkey, Ind.

Redkey, Ind., Jan. 22.—The mammoth  
gas pumping station of the Ohio and  
Indiana Pipe Line Company, located  
one mile south of this place, exploded  
and caught fire last evening at 7  
o'clock. The shock of the explosion  
caused buildings to shake and sway as  
by an earthquake. Two men were  
killed and four injured. The dead:

GODWIN, PALMER, assistant engi-  
neer, of Fairview; instantly killed; body  
burned to a crisp.

WATKINS, JOSEPH, chief engineer,  
of Lafayette.

Three other men on duty at the time  
were blown about 100 feet into a field  
and but slightly injured. Godwin  
leaves a widow and two children. The  
loss on buildings and machinery will  
be about \$100,000. The station was fit-  
ted with very valuable and powerful  
machinery and was used to force the  
gas to Lima, Springfield, Wapakoneta,  
Piqua, and other Ohio cities and towns  
supplied by the Ohio Pipe Line Com-  
pany. Their supply is now cut off. The  
townspeople at once organized a fire  
brigade and assisted the local depart-  
ment in preventing a further spread of  
the flames. It seemed for a time that  
the business center might be swept  
away, but the fire fighters, after a hard  
battle, checked the progress of the  
blaze.

### A GALLOW'S CONFESSION.

William Grier Cursed the Death of His  
Mother and Brother.

Frederickton, N. B., Jan. 22.—About  
six years ago a log cabin occupied by a  
widow named Grier, outside of this city,  
was burned and Mrs. Grier and her  
adopted daughter cremated. A son,  
William, was also supposed to have  
been lost in the fire, though no trace of  
his body could be found in the ruins.  
Another son, John, escaped. The lat-  
ter afterward removed to Minneapolis.  
A letter has been received stating that  
John has been hanged for murdering a  
man in a saloon in a Minnesota city,  
and that just before the execution he  
confessed to murdering his brother  
William, while on their way home, and  
then, on reaching the cabin, he fired  
the place in order to cover up his crime.

### PEACEFUL SETTLEMENT LIKELY

Great Britain Is Exhibiting a More  
Friendly Feeling.

Washington, Jan. 22.—While the  
prospects for a peaceful settlement of  
the Venezuelan question appear to be  
good, it is said at the state department  
that there has been no definite action  
taken by any one of the three govern-  
ments to justify this opinion. The pre-  
diction is based, according to members  
of the diplomatic corps, on the friendly  
feeling shown by Lord Salisbury rather  
than on anything else. It was for this  
reason that the administration exerted  
its influence to head off the Davis de-  
claration on the Monroe doctrine. It  
was feared that this would be construed  
by Salisbury as a threat, and hence  
would delay a settlement or possibly  
upset it altogether.

### Brazil and Italy Smiling.

Rio de Janeiro, Jan. 22.—It is stated  
that a rupture between Brazil and Italy  
is imminent, owing to Brazil's tardiness  
in satisfying Italy's claim arising  
out of the civil war in Brazil.

## GIVE CHEERS FOR RECIPROCITY

Manufacturers' Association Is Now In  
Session at Chicago.

Chicago, Jan. 22.—Two billion dol-  
lars was represented in Central Music  
hall yesterday when President Thomas  
Dolan called the convention of the Na-  
tional Manufacturers' Association to  
order. Also it was the largest repre-  
sentation of employers which ever con-  
vened in America, representing one-  
eighth of the entire factory force of the  
United States. Delegates were present  
from all the manufacturing states east,  
west and south. Pennsylvania was bet-  
ter represented than any other state,  
fifty men from that state responding to  
their names.

The keynote of yesterday's meeting  
was reciprocity and protection to home  
industries. In the opening address of  
the president and in a speech by Thom-  
as McDougall of Cincinnati the system  
advanced by James G. Blaine was laud-  
ed and cheered by all present, and al-  
though the party is non-partisan Mc-  
Kinley and protection were applauded  
so long and loud that there was danger  
of having to order a recess.

C. Heber Clark offered the following  
resolution, which was unanimously  
adopted:

"Whereas, Intimations have been given  
in the daily press of an extraordi-  
nary recent development of manufac-  
turing industries in the eastern coun-  
tries, particularly Japan, and of the ap-  
pearance in the American market of  
the products of the industry, which  
products are offered at unusually low  
prices; be it

"Resolved, That the president of this  
association appoint a committee of  
three to inquire respecting the matter  
and to report to-morrow to the con-  
vention what action, if any, should be  
taken by the association with reference  
to the alleged menace to American  
manufacturers."

The chair appointed C. Heber Clark,  
Warner Miller and Charles Davis.

A resolution was offered and carried  
granting the privileges of the floor to  
Senator Gregorio E. Gonzalez, a com-  
missioner from Mexico, who is here  
by appointment of the president of the  
republic of Mexico. He came to Chi-  
cago to attend the convention and  
probably will make a speech sometime  
during the convention to offer some sug-  
gestion by which the commercial re-  
lations of the United States with Mex-  
ico can be improved.

The secretary then read the reports  
of the various committees, that of the  
chairman of the executive committee,  
Pliny Jewell, being read first. It cov-  
ered the work of the committee since  
the organization of the association to  
the present time. The committee rec-  
ommended that the constitution of the  
association be so altered as to permit  
individuals to become members. It  
urged that a fund be established to  
arrange for agencies to carry on the work  
of organization. The report of the  
treasurer showed the association to be  
in a good condition financially. The  
president then announced the com-  
mittees, after which the convention ad-  
journed until 10 o'clock this morning.

The committee on resolutions held a  
long session in the afternoon at which  
the resolutions to be brought before the  
convention were discussed. At the con-  
clusion of the meeting the members de-  
clined to say just what had been done,  
saying that the whole thing would come  
out at the meeting this morning. The  
program for to-day is the hearing and  
discussing of reports of committees,  
with appropriate addresses.

### Textile Manufacturers Meet.

Chicago, Jan. 22.—Practically the  
only business transacted by the Asso-  
ciation of Textile Manufacturers of the  
Southwest, which met yesterday in the  
Palmer house, was the adoption of an  
800-word set of resolutions, advocating  
protection. The meeting was attended  
by about thirty manufacturers of tex-  
tiles, most of the members and sym-  
pathizers of the association being rep-  
resented by letters which were read by  
President George S. Bowen of Elgin, Ill.

### Fate of the Davis Resolution.

Washington, Jan. 22.—The prediction  
is made by members of the house com-  
mittee on foreign affairs that if the  
proposed reaffirmation of the Monroe  
doctrine is adopted by the senate and  
sent over to the house for action it will  
be allowed to rest quietly in the com-  
mittee files. A canvass of more than  
a majority of both Republican and  
Democratic members of the committee  
failed to discover any member who in-  
dorses it. One of the foremost authori-  
ties on diplomatic matters in the house  
said that he deemed it poor diplomacy  
to take any steps tending to increase  
the tension between this government  
and Great Britain at this time.

### Will Be Settled Peaceably.

London, Jan. 22.—It is semi-officially  
stated that the negotiations between  
Great Britain and Brazil are perfectly  
friendly and that there is no threat  
whatever of a diplomatic rupture. Bra-  
zil, it is explained, merely requested  
Great Britain to reconsider the propo-  
sal to have the Trinidad matter settled  
by arbitration, Brazil considering that

State Specials.

Madison, Jan. 22.—[Special].—It was  
decided by the State Board of Uni-  
versity Regents at its session this morn-  
ing, that the only part of the report  
of the Board of Visitors which re-  
quired attention from the regents was  
that portion in regard to the fees. This  
was laid over until April, when it  
is understood it will be referred to  
the legislature for final action. The  
regents consider that their unqualified  
endorsement of President C. H. Adams  
was amply shown by their unanimous  
acceptance of the report of the Board  
of Visitors.

New Haven, Conn., Jan. 22.—A ter-  
rific explosion occurred yesterday  
on the second floor of the four-story  
brick building owned and partially oc-  
cupied by English & Mersick, makers  
and dealers in carriage hardware. The  
explosion was followed by an almost  
instantaneous breaking out of fire, and  
in a few seconds the three upper sto-  
ries were in flames.

One person, Joseph C. Hauser, a machi-  
nist, was killed outright. The in-  
jured:

James T. McNeill, machinist, badly  
cut about head and shoulders.

Frank C. Richter, laborer, bruised  
and cut.

Frank P. Plegar, burned; will re-

## ALL PULL TOGETHER FOR THAT BUILDING

POSTMASTER WILSON WRITES  
AN OPEN LETTER.

He Says the Government Can Afford To Build It, and It Looks Very Much Like a Case of Now or Never—The Members of the Committee.

All who want to see a government building in Janesville should pull together. Some reasons and suggestions will be found in the following open letter from Postmaster A. O. Wilson:

Now that the ball has opened in favor of a government building a word or two may not be amiss at any time. It is frequently said that Janesville can never get any thing of this kind and in support of the statement we are told that other cities will be served first; that congress is already so loaded down with appropriations it is no use trying, and sometimes we are told even that Janesville doesn't need a government building.

These are a few of the reasons sometimes mentioned and as they cover the situation generally, they should be answered early in the contest. In the first place it seems to me that there is no good reason whatever why the people of Janesville should stand back and allow other cities to be first served. By getting up a good-sized agitation perhaps congress will give us one of the first bills to keep us quiet, who can say? Such things have been done in the past. But if we are to wait for the platter to come our way without the asking, it is highly probable we will never get a public building.

### Government Can Afford It.

To the second objection, permit me to say the government can afford it as well as the prudent man can afford to own his residence and avoid paying rent. With the government, as with the individual, it is a question of financial ability in the first place, after which it will not be denied that such a building pays for itself in process of time and thereafter stands as clear profit. If we do not get an appropriation it will be because the money is voted to some other city and not because Uncle Sam can't afford it. Let us not be deceived upon that point. And, besides, it is notoriously true now-a-days that an expiring congress generally loads down its successor in greater or less degree, mostly greater, so that if we wait until "congress has plenty of money," we may well expect the crack of everlasting doom before we get a public building. If the matter of expense is before us we may say that Janesville has already stood back for fifty years, paying indirectly her proportion of the cost of other postoffices for other cities, and if we are not a port city have we not indirectly contributed these many years towards the erection of custom houses and for the erection of many rivers and harbors? Why not invite those who have been thus benefited to contribute toward a Janesville improvement?

### Looks Like "Now or Never."

The fact is we can get a postoffice building now as well if not better than at any other time. Mr. Cooper has introduced his bill, and if he fails to secure its passage, how long before any other congressman can be induced to risk his reputation in behalf of a similar cause? Judged from this standpoint it strongly resembles a case of "now or never," and I think it should be so considered by the citizens of Janesville.

As to the need of a government building for the city, I think there can be but one answer. I will not enter upon the unbecoming task of speaking disrespectfully of the building now used for a postoffice, but I think it proper to say once for all that Janesville does need a better one.

If we can sufficiently interest the committee on public buildings and grounds in the present congress, we will get the appropriation, but not otherwise. And the expenditure of \$100,000 would be a blessing to many laborers and improve every man's property in such degree, as the structure shall be made permanently useful and ornamental. It will take some time under the most favorable circumstances to secure this much desired improvement, but in the meantime I believe it to be a public duty for all unitedly to support Mr. Cooper's laudable effort in all honorable ways and without delay. Owners of eligible sites will please remember that the government will attend to that question in due time and from wholly impartial standpoint so as to satisfy and accommodate the greater number of

people. What we now need is a strong pull together for the appropriation, leaving the details to be adjusted afterwards.

### Take What We Can Get.

One word more and I am done. Let no one think that a new post office will particularly benefit the postmaster. Whoever happens to be postmaster at the time a new building is going up will have all the extra work he cares to do and any amount of trouble when the final transfer has to be made. Rather than ask for a building as a favor, I might oppose it on the ground of unnecessary annoyance, but that is not the proper way to look at it. If we can get a public building now, let us have it. If we get nothing more than the promise of one within the near future let us take that. Let us take what we can get, but strike for the whole outfit.

For the information of those who may be friendly to this enterprise I herewith append the names of the "committee on public buildings and grounds" of the house of representatives, as furnished me by Mr. Cooper. Letters of endorsement may be addressed to the chairman, or to any member of the committee, or to the Hon. H. A. Cooper, Washington, D. C.

## DR. HUGH MENZIES IS CALLED TO REST

END CAME AT HIS HOME LAST EVENING.

For Several Days He Had Been Fighting a Hopeless Final Battle With Consumption and at Length Nature Became Worn Out—A Sketch Of His Life.

It was a brave and patient spirit that left the earthly clay and soared to the home where suffering is unknown, when the heavy hand of death was laid on the forehead of Dr. Hugh Menzies last evening, and he surrendered to the relentless disease—consumption—that had been slowly gaining the mastery for many years. His death occurred at 7 o'clock at his home, on South Main street, and it was only after a protracted struggle with hopelessness itself that the strength of an iron will was sapped, and a heart that beat with the highest impulses, was stilled. For days it had been known that the end was not far

DR. HUGH MENZIES.

off, and it was but a few moments before the final dissolution that the sufferer had said to the watchers who had been with him night and day:

"I will not be here tomorrow."  
It was known all day yesterday that the final change was near at hand and sorrow stricken as the once happy home now is, the mourners have the satisfaction of knowing that a spirit that has borne unceasing torture with all the fortitude that a human being could possess, has been released from an ordeal made all the more painful, by the full knowledge of what to expect and the complete realization of the fatality of the struggle.

It was only a remarkable vitality and a determination to thwart the grim destroyer as long as possible that had deferred the coming of the reaper for several days, but when at last nature was worn out, the end came peacefully, and the sufferer entered into rest as quietly as he had fallen asleep a score of times, while his patient nurses supported him in the semi-reclining position, that was the only one he could assume with comfort.

### He Realized His Condition.

The hopelessness of human ability to cope with the plans of the All Wise One was never more clearly shown than during Dr. Menzies' illness. If the sympathy of man could have had any effect, the death angel would have been cheated of his prey. The afflicted home was almost besieged by those who came to offer their condolences and personal services, during all the time of his sickness, while baskets of flowers, spoke mutely of the respect and esteem of those who could not come in person. Brother physicians did all in their power to allay the pain and ease the mind of the sufferer, but he knew too well the hopelessness of his own case, and when a "stinking spell" would come he would bid good bye to the loved ones about his bedside. A dozen times his wonderful recuperative powers had enabled him to rally, and for a few hours he would seem much improved; but through it all he realized that gains were but temporary, and hope but an empty myth.

"I lie here and take my medicine," he said a few days ago, "but it is like whipping a jaded horse; nature can do so much, and no more."

### Sketch of His Life.

Dr. Hugh Menzies was born in Dane county, where his parents, Mr. and Mrs. James Menzies, were temporarily residing, on November 24, 1858. His early years were spent upon the parental homestead in the town of Harmony, and in 1873 he entered a select school in the city of Janesville, and on finishing his preparatory course at that school, entered Beloit college, where the succeeding two years of his life were passed. He then finished his course of literary instruction at Milton college. During all this time he had the medical profession constantly in view, pursuing those studies which would best lay the foundation for the profession which he wished to make his life work.

In the autumn of 1879 he began the study of medicine under the direction of Dr. Egbert E. Loomis, and subsequently graduated from the Chicago Medical college, of Chicago, in the class of 1883. His adaptability to his chosen profession was shown from the very start, and after his graduation he became resident physician and surgeon of Cook county Hospital, a position which he obtained by competitive examination and is open to all graduates of the regular school of medicine.

He occupied the position for a year and a half, the full time allowed,

when for the benefit of his health, which had become impaired through confinement to his medical duties, he spent some time traveling through the south.

### Second Southern Trip Unavailing.

Afterward he returned to Janesville, and on May 12, 1891, he was married to Miss Minnie Nowlan, the eldest daughter of Mr. and Mrs. Oscar F. Nowlan, who survives him. It was but a short time after their marriage that the old enemy again returned, and after consulting with specialists in Chicago, Dr. and Mrs. Menzies left for Las Vegas, New Mexico, where they remained all winter. The trip was without practical benefit however, but by taking the best of care of himself and the constant use of a remedy of his own, Dr. Menzies was enabled to prolong his span of existence until the present time. Each time he became worse or was forced to remain at home for a day, caused the hearts of his relatives to sink, but the vitality and determination that had so long delayed the visit of the final messenger enabled him so rally, and begin the fight over again.

In the death of Dr. Menzies the world has lost a man who could have made it better; one whose very impulse was inspired by an honest heart; and whose every day life was the kind to cause the instant opening of the gates of heaven to welcome one who has been all that a human being could be.

It is hard to see one so young, so talented and so nearly perfect, die; but there is an end to all things; and he who doeth all things, doeth all things well.

Funeral arrangements have not yet been made.

keep the little one with us, yet the Lord saw fit to take him to a better home on Wednesday morning, January 15. Funeral services were held in St. Joseph's church, Edgerton, Thursday, after which the little white casket was borne to its last resting place. The sorrowing parents have our sincere sympathy.

## Smithton News.

Smithton, Jan. 21.—A. B. Wilcox was called to Janesville Saturday to attend a lawsuit. Many from this section attended the funeral of William McCarthy, at Darlen, Monday. Will was well known in the neighborhood and was highly esteemed as a neighbor and friend. Rush Inman, with three others from Emerald Grove, will attend the Y. M. C. A. convention at Stoughton, Friday. James Chamberlain's many friends will be glad to hear that he is improving in health. Several Smithtonians will take part in a literary social at Emerald Grove next Friday evening. Bert Dykman spent Sunday with the folks at home, returning Monday night. Charles Little has ordered a car-load of shelled corn, with which to put the "finishing touches" on his fine drove of steers. Miss Elsie Terwilliger spent the Sabbath with her uncle at Beloit, returning Monday. Hans Warner, of Emerald Grove way, walked to Smithton Monday, to pay his taxes. If a good many more whose taxes are still unpaid, had half the pluck and sense of loyalty exhibited by Mr. Warner, the treasurer would be spared much trouble. Ed. Smith and a Waterloo friend "boarded round" one day last week. The surprise party at James Scott's Friday evening last, was a grand success in every way. So report the youngsters who attended from this village.

## Indian Ford News.

Indian Ford, Jan. 21.—Mrs. J. C. Call entertained company one day last week. J. C. Hurd shipped a fine lot of sheep to the Chicago market last Monday. Mrs. J. C. Call and daughter May, visited Mrs. J. C. Hurd one day last week. Mrs. C. S. Thomas and daughters, Mrs. E. L. Ward, visited Mr. and Mrs. G. L. Chamberlain last week. E. H. Brown was called home to Center by the illness of his mother last Saturday. Mrs. Willard McChesney and son Harry, of Edgerton, visited Mr. and Mrs. Grant Chamberlain, Saturday. A delegation of the Milton Junction lodge of Good Templars visited the Ford lodge of the same order Saturday night. Remember the camp fire in Royal hall the 28th. Mrs. Palmerson and Mrs. J. L. Chamberlain called on Mrs. E. H. Brown last Sunday night. G. Lackner was called to Janesville Saturday, on business. Ed. Hallet shook hands with Edgerton friends Saturday.

## Benefit for the Lay Family.

EDITOR GAZETTE: Please allow me through your paper to state that in the matter of benevolence being taken up for the relief of the children of Mr. and Mrs. Edward Lay, of Center, the arrangement was not in any way suggested or even approved by James Lay, but was the idea of myself and I am alone to be blamed or censured. I believe it may be correctly asked that this family of eight orphans are anxious to live on the old homestead and remain united as long as possible; that they have plenty of grit and with a little help at the right time can arrest the progress of debt which has accumulated during the past two or three years in spite of the hard efforts of their most respectable parents. That many others are of the same opinion is best evidenced by the willingness and desire to be among the contributors to the fund to be used for the sole benefit of and to encourage this family and brave children. O. L. BURNHAM.

## HERRMANN WELL NAMED GREAT

The Wonderful Magician Astonished Janesville People Last Year.

The biggest audience that ever assembled in the Myers Grand opera house, gathered to see "Herrmann the great" last night, thus showing that Manager Stoddard's action in getting so fine an attraction was fully appreciated. In this connection Mr. Stoddard wishes to thank the people for their support, as he was under heavy expense in getting a date for "the wizard."

Herrmann is a marvel. His own feats with his wonderful hands are of themselves an entertainment that ranks supreme. His fingers pour out profusely their treasure of tricks in the most uncalculated and unexpected manner. They seem to be instinct with life and purpose of their own and independent of the will-power of their owner. Those soft, pliant digits are always revealing possibilities, evolving surprises and devising deceptions. What more pleasant comedian can be imagined? He takes his audience with him in his good-wicked confidence and makes it feel that it is almost as devilish as he.

In himself, Herrmann is a host, but like a good host he has prepared for his guests a feast of many mystic courses. These comprise an oriental marvel, a spectacular magic play and a patriotic paradox; their names are "Tribby," "The Aesthetic Trunk Mystery," "The Artist's Dream" and "Columbian Transformation." These are all specially note worthy both from a scenic and scientific point of view, as well as their elaborate detail of electrical effects, special scenery and mechanical devices. They are all produced under the personal direction of the "wizard" and in their performance he causes a woman to disappear and another woman to appear in her place, makes an inanimate picture turn to flesh and blood and causes a life sized figure of Columbia to come from a number of flags as small pocket handkerchiefs.

Madame Herrmann, the magician's charming and beautiful English wife, who has always so well stood by his side in his professional career, and with him divided the notice of the world, performs a large share of the entertainment, appearing in character and also as a spectacular danseuse.

## THIS DAY IN HISTORY.

- 1235—First English parliament to which knights of shires, citizens and burgesses were summoned.
- 1561—Lord Chancellor Francis Bacon born at St. Albans; died 1626.
- 1583—John Winthrop, colonial governor of Massachusetts, born in Suffolk, England; died in Boston 1649. JOHN GOV. WINTHROP  
Winthrop was born to wealth and influence in England. He was active in public life and in a position to encourage the Puritan settlement in America. When the Massachusetts company resolved to transfer to America the whole government of its colonization enterprises Winthrop was appointed leader and governor. That was in 1630. During 12 of the remaining years of his life he was governor of the colony.
- 1870—George D. Prentice, famous wit and for 40 years editor of Louisville Journal, died in Louisville; born in Preston, Conn., 1802.
- 1892—Justice Joseph P. Bradley of the United States supreme court died in Washington; born 1813.
- 1894—Constance Fenimore Woolson, grandniece of Fenimore Cooper and an author of note, died at Nice; born 1843.

## DONT WASTE THE CHANCE.

Postmaster Wilson, in his card to the public has spoken truly. Janesville should have a new post office and now is the time to work. A hundred letters from Janesville business men in the next two months will be worth more than three years of waiting when congress adjourns. Mr. Cooper is on the right track. He sees Janesville's need and is doing his best to supply it. Do not let it be said that he failed for lack of local cooperation.

## TOO MUCH WAS PROMISED.

Fifty cent gas may be further away than people think. Acetylene, from which so much was promised, is now undergoing a partial obscuration of its glory. It is being attacked on all sides. One set of its assailants claim that the gas is poisonous, dangerous to health and even life. And now the charge is made that when mixed with air it is a dangerous explosive—more dangerous, it is alleged, than dynamite. It is even stated that the fire underwriters in Philadelphia and New York have decided to cancel their policies on property, and that the national board has sent out circulars notifying local managers to cancel policies on buildings, where acetylene is used.

Still another objection is that it costs so much to manufacture that it cannot be put into successful commercial competition with common gas or electricity. All these objections are strictly in the teeth of the claims put forth by the discoverers and promoters of acetylene, and the probability seems to be that there will be no revolution in the making of illuminating gas for a year or so at least.

In the interest of christianity three hundred Portage people fought with knives and revolvers last night. They were fighting over a pair of sensation-alists whose foul language and extravagant actions recalled the visit of the "tent evangelists" to this city. The "Rev. Morrill Twine," as they dub themselves, have hindered the advance of christianity in Portage more in three days than all the churches will help it in a year. Unfortunate is the city where such blatant pretenders lodge.

That move of the flying [a] ron was made in the best of spirit, England assures us. She spoke just in time. A little more and our formidable navy might have pulled the British war-ships ashore and made summer houses of them.

There never was a better chance for getting a new postoffice for Janesville. A few letters addressed to the right people ought to count for a good deal just now.

An honest man, a capable man, a self-made man is George L. Wellington who succeeds E. R. Gibson as senator from Maryland.

Janesville men, regardless of party, should back Congressman Cooper in his efforts for a new postoffice building.

Either Rev. E. L. Eaton or Rev. John Faville is likely to be the prohibition nominee for governor this fall.

## Law Will Take Its Course.

Monmouth, Ill., Jan. 22.—Shilo McIntyre, the alleged murderer of Luella Merritt, a 15-year-old girl, is on trial here for his life. The death of McIntyre's victim resulted from a criminal assault perpetrated last November. At the time there was talk of lynching, but it subsided, and the law was allowed to pursue its course. McIntyre became insane during his confinement, but has recovered possession of his mental faculties.

## Want Cotton Acreage Decreased.

Memphis, Tenn., Jan. 22.—The convention of cotton producers, called by President Hector D. Lane of the American Cotton Growers' Protective association to take action to effect a continuation of decreased acreage, met here yesterday. Fully 1,000 delegates are present. The report of the committee on resolutions was unanimously adopted. It declared that the overproduction of cotton reduces the value of that commodity far below the cost of making it, and advocated a reduction of the acreage planted. The resolutions also urge the production of an abundant supply of corn, hay, meat and other like commodities for home consumption.

## Want Report on Nicaragua Canal.

Washington, Jan. 22.—House committee on commerce Tuesday voted to report to the house the resolution introduced by Mr. Doolittle of Washington, requesting the president to transmit to congress the report of the commission which investigated the Nicaragua canal route last summer. A clause was inserted, "if not incompatible with the public interests." Members of the house who have talked with President Cleveland upon the canal within a week assert that he favors the general project, but wants an arrangement by which the government's risk of financial loss will be minimized.

## Chancellor Hohenlohe in Danger.

London, Jan. 22.—The Standard has a Berlin dispatch which says: "In the coming navy debate in the Reichstag the government plans will be revealed, but it is unlikely that any credits will be demanded until next session. Unconfirmed rumors are abroad that Chancellor von Hohenlohe's condition is precarious, owing to his strenuous opposition to the emperor's naval plan."

## Miss Clara Barton Starts for Armenia.

Washington, Jan. 22.—Miss Clara Barton and her party of Red Cross workers left last night for New York, preparatory to sailing to-day on the steamer New York for Southampton, on their journey for Turkey to distribute relief to the Armenian sufferers.

## To Decide Chester Rowe's Case.

City of Mexico, Jan. 22.—Chester Rowe's attorney contends that the Mexican courts have no jurisdiction in his case and counsel for the prosecution assert that the Mexican courts are entirely competent to try it. The court will decide the case in a few days.

### CHANGE AT THE FIRST M. E. CHURCH.

Rev. A. Porter Chosen Presiding Elder of the Oshkosh District, and Rev. R. K. Maniton, Recently of Shopiere, Named To Succeed Him In The Janesville Field.

Two changes that will interest Janesville church goers were made today. Rev. A. Porter, of the First M. E. church, was appointed presiding elder for the Oshkosh district, and Rev. R. K. Maniton was named as his successor here.

The appointment of Rev. Maniton is one of the best that could be made, and the members of the church may well congratulate themselves.

Mr. Maniton is a preacher of superior ability, a hard worker, a faithful pastor, and will give the church faithful service. Mr. Maniton has served important pulpits in the Methodist church, among which are Locust Valley, L. I.; Orange, Newburyport and Somerville, Mass. Subsequently at Richland, Mich., and for four years has supplied at Shopiere.

As is above stated, Mr. Porter is to leave Janesville, as he was yesterday named as the successor of the late Rev. Dr. Stowe.

Appointed by Bishop Merrill, Bishop Merrill, of Chicago, was given authority by Bishop Foster, who has charge of the Wisconsin Conference, to arrange for filling the vacancy caused by the death of Dr. Stowe, and met the presiding elders yesterday for consultation.

The adjustment was made all the more difficult by its occurrence in the middle of the year. There was no lack of those fully qualified for the work, but in many cases a vacancy thus caused would not be satisfactorily filled just at this time without great inconvenience. After careful consideration, Mr. Porter of Janesville, was selected. He is said to be a wise, careful and judicious man, beloved and respected in his church and by all his associates. This appointment, will be a great surprise to him, but it is believed that it will be very satisfactory.

A Wisconsin Man. Mr. Porter, was born in Wisconsin, and all his ministries have been in the state. He has occupied some of its most prominent fields of labor, and is now in his second year at Janesville. He is now showing great wisdom and skill, it is said, in the management of the financial and other interests there. He is a practical preacher, and has been quite successful in managing revival work in the charges he has served.

Bishop Merrill and the presiding elders met in the Milwaukee Y. M. C. A. building at 11 o'clock yesterday forenoon. Presiding Elders E. S. McSheehy of Appleton, Thomas Walker of Fond du Lac, F. A. Pease of Janesville and J. R. Creighton of Milwaukee were present and they kept steadily at work until the selection had been made, which was about 4 o'clock. The bishop returned to Chicago immediately, and the presiding elders from out of the city returned to their homes last evening. Presiding Elder Pease will have the duty devolved upon him to fill the vacancy caused by Mr. Porter's promotion, and from the supply of material he has on hand it is expected he will be able to do this without the necessity of making any transfers.

Memorial Service for Dr. Stowe.

A memorial service for Dr. Stowe will be held at the First M. E. church of Oshkosh at 2 o'clock tomorrow afternoon. The presiding elders of the conference will all be present, besides many other members of the conference. An appropriate order of exercises has been planned, consisting mainly of short speeches from a number of Dr. Stowe's old associates.

The presiding elders will meet Friday forenoon at Fond du Lac to consider business in connection with the conference board of church extension. Applications for help to build churches will be passed upon, and at the same time and place the Byron camp meeting association will hold a session to prepare a programme for a camp meeting next summer.

## L. H. BECKER DIES THIS AFTERNOON

### THERE WAS NO HOPE FOR HIS RECOVERY.

Telegram to Fred S. Woodruff This Afternoon Said to Prepare For the Worst—Harry Griswold's Hold On Life is Weak—Ogden H. Fethers' Mother Very Ill.

A telegram came at 4:30 o'clock this afternoon saying that Mr. Becker died at 4:15 o'clock.

"Mr. Becker is failing fast. Prepare for the worst."

This was the sad message that came from Chicago to Fred S. Woodruff from W. G. Wheeler at 3:05 o'clock this afternoon, and perhaps these lines are read, his spirit has taken its flight.

He is receiving the best of care at St. Joseph's hospital, but there can be but one result, it is said. There are five chances that he will die to one that he will live.

Dr. Senn did not consider the operation on Mr. Becker an ordinary one, by any manner of means. The previous attacks of appendicitis, he said, had probably had an effect that it would be hard to overcome. In this respect, it is said, his fears were found to be well founded, and the stitches taken after the operation, soon pulled out.

Telegrams came to Janesville relatives last night that there was "no hope," and W. G. Wheeler at once left for Chicago by way of Milwaukee.

Word comes from Milwaukee that Harry Griswold's hold on life is a frail one, and the chances are hardly even for his recovery.

Mrs. Fethers Very Ill.

Owing to the critical illness of the mother of Attorney Ogden H. Fethers, further proceedings in the trial of Frederick T. Day, at Milwaukee, have been deferred until next Monday afternoon. When the afternoon session was beginning to draw to a close yesterday, and Attorney Quarles was on his feet arguing a point before the court, a messenger entered and handed Mr. Fethers a telegram. It announced that his mother, who is now in the state of New York, was in a dying condition, and summoned him to her bedside. Mr. Fethers was almost overcome by the suddenness of the shock, but quickly whispered to Mr. Quarles the news he had received. Word was passed to Judge Goodland, and the proceedings came to an abrupt stop. A hasty consultation of the judge and all the attorneys was called in the private chamber of the court, and Judge Walber was summoned. It was decided to proceed no further until at least next Monday, by which time it was hoped Mr. Fethers might be able to return to his post for the defense, and adjournment was taken until 2 o'clock p. m. on that day.

MUSKRAT CHEWED THE BOAT.

The Reason of the Sinking of the Steamer Mayflower.

The reason of the sinking of the steamer Mayflower a few weeks ago has been a mystery to Capt. Richard Griffiths, and after making several unsuccessful efforts to locate the leak he made up his mind the only way to do was to "beach her." Accordingly he first removed the heavy machinery, and then had the boat towed to a location opposite the Ferris ice house.

Upon landing the craft it was discovered that a hole large enough to admit a boy's hand was located on the lower right hand side. This hole had been gnawed through and it took the captain but a short time to realize that it was the work of some mischievous muskrat.

"I hardly believe that a common muskrat could ever gnaw a hole in the bottom of that boat," remarked Captain Griffiths to a Gazette man, "for the bottom of the craft is made of two inch planks, and I wouldn't be surprised if some one first cut the hole there for spite, and the rat did the rest. I have had the Mayflower in service on Rock river for the past eight years and during all that time I have never met with any serious accident, although I have carried in the neighborhood of 67,000 people."

FEW AT MOTHER HUBBARD BALL

The Imperial Band Dance Last Night Was Not a Success.

The first "Mother Hubbard ball" of the season was given last evening at the Light Infantry armory, by the Imperial band. In the early part of the evening the band attired in fantastic garb paraded the streets, and prior to the dance rendered a number of selections. The party although not a financial success was none the less enjoyable and those present managed to have a good time, the home sweet home waltz being played at one o'clock. Smith's orchestra furnished the music. The men who had charge of the floor were Charles F. Kneff, Fred S. Wetmore and L. A. Pressler.

## KEESLER IS NAMED AS THE DIRECTOR

### THE Y. M. C. A. BOARD TOOK ACTION THIS NOON.

New Superintendent of the Gymnasium Is Ample Qualified For the Position As He Has Been Devoting Himself to That Work For Years —Y. M. C. A. Notes.

As was predicted in the Gazette some day ago, Eugene C. Keesler was today chosen as physical director of the Janesville Y. M. C. A., his appointment to take effect Friday noon.

The board of directors held a meeting in the new building this noon and decided to hire Mr. Keesler. They are all satisfied that they have made no mistake as the new director has held the same position at Peoria, Ill., for three years. From there he went to Quincy, Ill., and was afterwards transferred to Marinette where he remained two and one-half years. The amount of his salary is not given.

Other Y. M. C. A. Gossip.

Arrangements are now being made for the building of 125 lockers, which will be situated in the basement for the benefit of the young men who are interested in gymnasium work. These lockers will all have the combination lock which will only be known to the owner and the physical director.

The closing lecture of the Y. M. C. A. course comes tonight when A. E. Matheson speaks on "A Summer Vacation in the British Isles of Europe."

The first game of basketball ever played in the city took place yesterday afternoon in the new building under the direction of E. O. Keesler. Both sides were composed of members of the High School class but before many days prominent clubs will be organized in both the High school and Y. M. C. A. associations.

The proposition to have a Y. M. C. A. "field day" on the college plan is meeting with warm favor and will probably be adopted.

The lecture tonight begins at 8 o'clock.

AN UP TO DATE LAUNDRY.

Improved Machinery For the Riverside Steam Laundry.

Charles Stanton, proprietor of the Riverside Steam Laundry, is ever on the lookout for improved apparatus for his establishment and believes in giving his patrons the very best of work. The latest addition to his already complete outfit is a late pattern band ironer, made by Nelson & Krueger, Chicago. This machine is for use on the neck bands and cuffs of shirts and irons them to shape the curve of the neck and wrists. Instead of flattening the neck bands out so that it is uncomfortable to the wearer, and breaking the button holes out as the old methods did. This machine sets the band up the entire length and leaves them as on a new shirt. Mr. Stanton has also lately added a new wringer to his laundry. This machine makes 2,000 revolutions a minute and is much like a cream separator in appearance. Mr. Stanton assumed control of the Riverside laundry but a few years ago, but in that time has built up and improved the plant to an extent that makes it second to none. The capacity of the work is unlimited while the quality is of the highest order.

**From Blarney's Isle.**  
Bridget (applying for a situation)—Oh, yis, mum. Oi lived in my last place three weeks, mum.  
Mrs. Van Nobbs—And why did you leave?  
Bridget—Oi couldn't get along with her, she was so old and cranky.  
Mrs. Van Nobbs—But I may be old and cranky, too.  
Bridget—Cranky ye may be, mum, for faces are sometimes deceiving; but owld, niver.  
And Bridget got the place.—Pearson's Weekly.

**Rapid Recovery.**  
Husband—My dear, you should go out and take a walk. You need exercise.  
Wife—Can't you see I'm nearly dead? Exercise, indeed!  
"Oh, I didn't know you were so ill. Well, if you are unable to go out, you won't want that \$50 I brought home for you to go shopping with, and I might as well take it back."  
"N—o, dear; leave it. I think I'll be better soon."—N. Y. Weekly.

**How It Came About.**  
"I think a girl who whistles is very unattractive."  
"Well—I don't know. Whistling brought about my engagement."  
"How was that?"  
"I puckered up my lips to whistle, and Charley couldn't resist kissing them, and so of course."—Harper's Bazar.

**Mutual Admiration.**  
"Bykins' wife thinks he is a wonderfully smart man," remarked a friend of the family.  
"Yes; it is a very happy arrangement. She thinks he is a wonderfully smart man and he thinks she must be a very smart woman to realize how smart he is, and they get along beautifully."—Washington Star.

**An Important Difference.**  
Mother—Are you sure Mr. Nicefellow loves you as a husband should?  
Daughter—Of course. He wants to marry me.  
Mother (who knows her daughter's peculiarities)—Loving you well enough to marry you is one thing; loving you well enough to live with you is quite another.—N. Y. Weekly.

**Willing to Stop.**  
Ethel—But if you love me so much you certainly should be willing to give up your cigars after marriage.  
Algernon—Not much. I've been giving up my cigars to your papa and brother Bob for the last six months. After marriage I'll swear off on that.—Judge.

**Her Choice.**  
She—Old Gayboy told his wife that he was uncertain whether to cut off her allowance by his will in case she married again, or to threaten to haunt her in the same contingency.  
He—And what did Mrs. Gayboy say?  
She—Oh, she told him to let the ghost walk!—Bay City Chat.

**Naturally.**  
Mertie—I should never marry a man I did not love.  
Maudie—But suppose a real wealthy man should propose?  
Mertie—I should learn to love him, of course.—Truth.

**He'd Examined Carefully.**  
"Do you notice any change in Dumley?" asked the tall man.  
"No, I don't," snapped the other man, sourly.  
It was Dumley's tailor.—N. Y. Recorder.

Chawley—But poverty is no crime, Ethel.  
Ethel—Isn't it? By the desperate efforts you make to conceal it, I thought surely it must be.—Town Topics.

**Archly Confessed.**  
Agatha—Charley is tickled with his new mustache, isn't he?  
Marie—Yes, but (with a sly blush) not half as much as I am.—N. Y. World.

**Knowledge.**  
Mr. Cynical—Women are a delusion and a snare.  
Miss Gush—It's curious how people will hug a delusion, though.—Judge.

BREEDING FROM BUFFALOES.

Hybrids Are Fine Animals and May Be a Source of Wealth.  
From the Anaconda Standard: A famous Montana character is Charlie Allard of Ravalli. Mr. Allard is famous mainly because he is one of the owners of the largest herd of buffalo in the country, and no man living has given to these now rare animals more patient study and attention than he.  
"The coldest storms in winter do not trouble them," he says, "for their thick, shaggy coats are wind-proof. During the heavy snows and blizzards they climb the hills and, turning their breasts to the wind, defy the storm. They feed where the snow is thinnest. Cattle are driven before a storm, and will often go with a wind sixty or one hundred miles from the accustomed range, unless they reach a sheltered spot. Horses turn their backs to a storm, but the buffalo faces it every time. They seem to keep in about the same condition of flesh the year around, and are as good eating in the spring as they are in the fall, and a buffalo steak is as fine a morsel as ever a man made a meal of. About two years ago I purchased the Jones herd of buffalo, which was at Omaha. There were thirty-one of them in the herd, and we paid (for I have a partner now) \$18,000 for the lot. Marchiel Pablo, a well-known cattleman, has joined me in the business, and for the past year has had entire charge of them, so that I do not know just exactly how many we have—about 140 I should judge now, and by the next fall there will be full 200 of them. We have experimented in crossing buffalo with all breeds of cattle, and the results are most satisfactory. The polled angus stock, when crossed with the buffalo, produces a magnificent animal. The fur is finer and closer than that of the buffalo, and the meat is sweet and wholesome. We are procuring as many of these animals as possible, but will not put any on the market for several years yet. We are not selling any buffalo at present. We receive letters every day from museums, parks and shows, wanting them in all quantities, and, though we might dispose of one or two singly, we have no pairs to sell. A buffalo hide is worth \$100 now in the market, and heads bring from \$200 to \$500 when mounted, and the value of these is steadily increasing, so that buffalo breeding is as good an investment as real estate. Our herd is the only one I know about of any size. There is a small one in the Texas panhandle, and these, with the few that roam in the National park, are the sole remnants of the thousands which roamed the prairies but a few years ago."

**Independence Square.**  
A movement is going forward in Philadelphia to restore Independence square to its condition of a hundred years ago, and through a recent act of the legislature the city is at liberty to proceed to work. This will require the removal of some costly buildings that have been permitted to intrude on the historic square, but the citizens, almost without exception, favor their condemnation.

**Boston Will Take Bonds.**  
Boston, Jan. 21.—One million dollars' worth of the new United States bonds, for which the International Trust company requested subscriptions, were quickly covered yesterday by firms in this city and vicinity, and the trust company has announced that it will take an additional \$1,000,000 worth on its own account.

**Home Seekers' Excursion to the South.**  
On January 14, 28, February 11 and March 10, 1896, the North-Western Line will sell Home Seeker's Excursion tickets to a large number of points in Kentucky, Tennessee, Mississippi, Louisiana, Arkansas, Indian Territory, Oklahoma, Texas and Arizona. For tickets and full information apply to Agents Chicago & North-Western Railway.

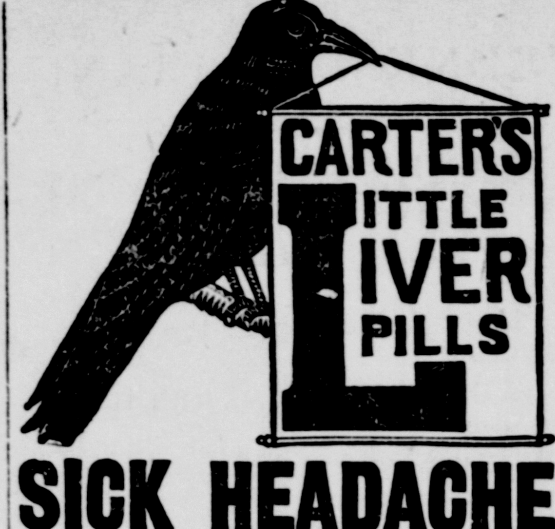

**Wife—Here's an account of a man who shot himself rather than suffer the pangs of indigestion. Husband—The fool! Why didn't he take Dr. Williams' Little Early Biscuits? I used to suffer as bad as he did before I commenced taking those little pills.** C. D. Stevens.

**Excursion Rates.**  
The Chicago, Milwaukee & St. Paul Railway will sell home seekers' tickets at excursion rates January 14 and 28, February 11 and March 10. Return may be made January 17, 21, 24, 28, 31; February 4, 7, 11 and 14. The above dates apply to tickets sold on January 14. Other return dates will extend to April 15. Tickets sold to points in Southern States and Arizona. Rate to be one fare plus \$2 for round trip.

**If the Baby is Cutting Teeth.**  
Give and use that old and well-tried remedy Mrs. Winslow's Soothing Syrup for children. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

## SOUVENIRS OF A RAID.

Safes Left in the Street by the James Gang.

The writer was sitting in front of one of the stores at Parkville, Mo., smoking a very bad cigar of local origin and conversing with the merchant who had sold it, says the Washington Star. It was about 3 o'clock in the afternoon, and many of the country people were coming into town. A country girl of the region came cantering up on a bare-back horse and slid off on what was a unique sort of horse-block.

It was nothing more or less than an old rusty safe of considerable size. It had apparently lain there for years, and when examined disclosed a suspicious-looking hole in one side, clearly the work of explosives. At this point the attention of the investigator from the east was called to two other safes, similarly exploded, and also lying on their sides in the street and doing duty as horse-blocks.

"How about these safes?"

"Nuthin' much of a story," remarked the Parkville merchant. "Them safes have laid right there where you all see 'em since '73. They wuz dragged out there and busted by Quantrell and Jess and Frank James and the Younger brothers, along with the rest of Quantrell's gang. They came chargin' down the street one day in June, and tuk the town in about a minute and a half, and then went for them safes. Money wuz mighty popular with Quantrell and the James boys, and they usually went arter all they heard of."

"How much did they get from the safes?"

"I dunno how much they got from them on t'other side of the street," said the Parkville man. "They hunted \$3,800 out'n mine." And here he pointed sadly at the safe nearest to him, the one on which the young rustic had just alighted.

"Was that yours?" was asked.

"Yes," he answered. "I kep' store then right whar I do now and just as I do now."

"Why haven't you removed the safes?"

"What's the use?" observed the Parkville man. "They ain't in nobody's way and they do fast-rate for hoss-blocks. 'Nuther thing—we ain't got no carts nor tackle strong enough to move 'em, nohow; so we jest let them go as they lay, as they say in fero."

## The Number of Drunkards.

I stated two years ago that there were approximately 1,600,000 persons who use spirits to excess in the United States. By excess I meant all persons who drank to intoxication continuously or at long intervals. These figures were reached from a study of the statistics of persons arrested for intoxication in the lower courts; also the general opinion of persons with a wide acquaintance among business men, who assert that less than 2 per cent of all drinking men come under legal notice. Of course wide differences of opinion will prevail until some accurate statistics are made. Two attempts to make a census of drinking men in eastern towns revealed many difficulties and the intensely morbid desire to conceal the drinking customs of people. Both of these censuses indicated one drinking man to every eight persons and produced a strong conviction that this was a very low proportion. There are many reasons for believing that the estimate of 1,600,000 persons who use spirits to excess in this country is a minimum rather than a maximum statement.—Quarterly Journal of Inebriety.

## Epigrams of Pat Sheedy.

Pat Sheedy, whose plan to establish a new Monte Carlo at Cairo was telegraphed from New York last week, is something of an epigrammatist. In detailing his plan to the reporter he said that the invalids who go to Cairo are "looking around for some mental diversion. There is no finer thing to divert the mind than gambling. It makes people forget their other troubles." He was once asked how it was that, if he played a "square" game, he could always find people he could beat. "My boy," he replied, "there's a sucker born every minute, and," he added, reflectively, "sometimes twins." On another occasion he watched the bubbles rise in the wine he was drinking. "A glass of wine," he presently observed, "makes a poor Irishman feel like a rich Jew."

## New Women in Smyrna.

The new woman has reached Smyrna. There is in the Quarter Saint-Dimitre, says the Stamboul, a comely young fellow who abandoned his poor sweetheart for a richer woman—just as sometimes or oftener happens in countries more "civilized" than Syria. But on the marriage day, just as the ceremony was about to be performed, his first love appeared in the church at the head of a few determined followers, boldly seized the stupefied bridegroom, thrust him in a carriage, picked up a priest on passant and then the twain were speedily made one in another church, while the rich girl was left to her tears in single wretchedness. Glorious, wasn't it? Sad, wasn't it?

## Buying American Boats.

Some time ago an American launch company sold to the Grand Duke Alexander of Russia an electric launch of the same type as that provided for the United States man-of-war New York. The czar of Russia has seen the boat, and being greatly pleased with it has commissioned the Russian embassy at Washington to buy for him another like it at a cost of about \$4,000.

## ROUND-UP OF HORSES.

Five Thousand Animals Gathered Up in One Great Bunch.

Five thousand horses in a single bunch, rearing, running, snorting and shying, urged on by two-score picturesque Indian and half-breed riders, sending into the air a cloud of dust that envelopes and partially conceals the vast band of cayuses, as the riders, with swish of ropes, with shouts and yells, urged on the surging band of half-wild creatures before them, writes a correspondent from the Jocko Indian agency. It is a picture seldom seen now, and only possible in the unrestricted range of the reservation—a picture, if seen, never to be forgotten, says the Anaconda Standard. For five days these bronze riders have scoured the northern range of the reservation, driving before them every horse that was found in this long stretch of country. They have ridden across the rolling ground of the lower valley; they have searched the canyons; they have penetrated the dense timbers of the foothills; they have climbed to the open parks on the mountainside. From valley and canyon and hillside they have driven the half-wild horses and have gathered them on the banks of the Pend d'Oreille river for the cutting-out. Five thousand tossing heads, 10,000 vicious eyes, 20,000 trampling hoofs! Almost as far as the eye can reach are horses, horses, horses. There are steeds of every color and of every size. Nearly all of them are the mean, treacherous Indian ponies, some of them shapely and handsome, it is true, but in every eye is a flash of wildness that betokens ill for the man who attempts to tame the owner. Here and there in a mass of horses that is being urged onward at a trot is a big, fine-looking animal that evidences good breeding. But there are not many of these. They are nearly all cayuses of the cayusest order. At one of the ranches on the banks of the river there are three big, well-fenced pastures, and here the cutting-out will be done. On the reservation there are now about 15,000 horses, and of these it is estimated that fully 2,000 have no right to the Indian range. This will do much to improve the condition of the range, and it is for this purpose that the big round-up has been undertaken. The band of horses now being driven toward the extemporized corrals has been gathered in the region north of the Pend d'Oreille river. As soon as the cutting-out has been accomplished the riders will cross the river and will round up the stock between that stream and Crow creek, and there will be another separation at the Allard ranch on Mud creek. In addition to the removal of all horses, Agent Carter has ordered that all cayuse stallions may be disposed of in order that there may be some improvement in the grade of horses raised on the reserve. Thus the round-up will accomplish a double purpose.

## IT INCREASES FLESH.

The New Dyspepsia Cure Does It.

## A Few Remarkable Instances.

Stuart's Dyspepsia Tablets, the new discovery which has made so many remarkable cures of dyspepsia and indigestion, has recently shown that it also has the effect of increasing the flesh and weight of thin, run-down people and invalids. This is done in a perfectly natural manner. The tablets by restoring perfect digestion cannot fail to increase the weight and general vigor because the first effect of perfect digestion, following the use of Stuart's Dyspepsia Tablets, is a vigorous appetite, then complete digestion and assimilation of food eaten, and the result is every muscle, nerve, ligament in the body is nourished and the increase in flesh is noticeable in some cases within a week after using the remedy.

Dr. Harlandson mentions many cases in his own practice where Stuart's Tablets were used an increase of flesh was very noticeable in each case. The doctor says: "Whenever I have a patient whose stomach is disordered, tongue coated, poor appetite and run-down condition my advice to such is to go to the nearest drug store and get a 50-cent package of Stuart's Dyspepsia Tablets, and the result will be the stomach will be set right, perfect digestion restored, all nervousness disappear and in many cases I have seen the weight increased 15 or 20 pounds. I recommend this remedy in preference to any other because it is not a secret patent medicine but is perfectly pure and wholesome, composed of vegetable essences, fruit salts, pure pepsin and bismuth, and can be given to delicate babies with benefit."

Another case is that of Miss Helen Sholes, of Nashville, who writes as follows: "Up to the fall of 1893 I had suffered from dyspepsia for nearly eight years. I was not sick in bed, but was so miserable, run down, discouraged and nervous that I might better have been in a hospital for any good I was to myself or others. For years I had been thin, pale and dyspeptic. Our good old family doctor did all he could for me, and finally advised me to try Stuart's Dyspepsia Tablets, telling me there was no risk in taking it because it was not a secret patent medicine, but every physician knew what the tablets contained. Acting on his advice I went to the drug store, bought half a dozen packages and before they were half gone I knew the right medicine had been found at last. I enjoy an appetite, strength and freedom from weakness that I had never known previously. I gained 18 pounds in weight and while I am not fat (I don't want to be) yet my friends say I am plump enough and any more flesh would be undesirable."

The one great thing about Stuart's Dyspepsia Tablets is that it can be taken with perfect safety, the formula being known to every physician. No wonderful secret patent medicine can compare with it. Think twice before you put something into your stomach you know nothing about, and if you are run down in flesh, have any trouble with the stomach or poor appetite ask your druggist for Stuart's Dyspepsia Tablets and take no substitute. If your druggist has not got them insist on his getting them for you, as they are sold by all wholesale druggists.
